

## OFFICIAL STATE CABINET AGENCY RESPONSE TO THE PERFORMANCE AUDIT ON CONTINUING OPPORTUNITIES TO IMPROVE STATE IT SECURITY – 2017 MAR. 15, 2018

---

This management response to the State Auditor's Office (SAO) performance audit report received Feb. 22, 2018, is provided by the acting Director of Washington Technology Solutions and State Chief Information Officer on behalf of the audited agencies.

---

### **SAO PERFORMANCE AUDIT OBJECTIVES:**

The SAO sought to determine if there were opportunities to strengthen IT security controls at three state agencies through these questions:

1. Are selected state agencies adequately protecting their confidential information from external and internal threats?
  2. Are their security practices aligned with select critical security controls and compliant with related state IT security standards?
- 

**SAO Issue 1:** Opportunities exist to strengthen IT security.

---

**SAO Recommendations 1-3:** The three audited agencies should:

- Continue remediating issues identified during the security testing.
- Continue remediating gaps identified between agency practices or documented policies and procedures and the state's IT security standards and industry leading practices.
- Continue periodically assessing the agency's IT security needs and resources, including personnel and technology, to mature and maintain sufficient security.

### **STATE RESPONSE:**

We agree with the opportunities for improvement identified to strengthen IT security by the SAO. The audited agencies will continue to work diligently to remediate the issues identified during testing and the gaps identified between agency practices or documented policies and procedures and the state's IT security standards. Agencies are committed to ongoing assessment of IT security needs.

### **Action Steps and Time Frame**

- Each audited agency will establish a plan to address the gaps and improvements identified. These plans will be monitored over time by the SAO and the audited agency security staff. *By May 31, 2018.*
- 

**SAO Recommendation 4:** To the state's Office of Cyber Security (OCS): Continue to conduct outreach to state agencies to determine how additional clarity or guidance could help agencies

identify detailed controls to incorporate into their policies and procedures, and help them align agency practices with the state IT security standards.

**STATE RESPONSE:**

The state Office of Cyber Security will continue to encourage agencies to participate in OCS provided monthly technical and policy training sessions and weekly open office hours to address security questions and/or issues.

**Action Steps and Time Frame**

- ▶ OCS will send monthly training notifications to a broader audience. *By May, 31 2018.*
- 

**SAO Recommendation 5:** To the state's Office of Cyber Security: Continue to develop and provide that additional clarity or guidance to state agencies.

**STATE RESPONSE:**

The state Office of Cyber Security will continue to encourage agencies to participate in OCS provided monthly technical and policy training sessions and weekly open office hours to address security questions and/or issues.

**Action Steps and Time Frame**

- ▶ OCS will send monthly training notifications to a broader audience. *By May 31, 2018.*
